KAISER'S HEADQUARTERS PARIS, France.—Captain de Beau-champ, the aviator who bombed Essen and Munich and whose death has just been announced, on one occasion dropped bembs on the headquarters of the German emperor, according to the Petit Journal. This last exploit was performed in April, 1915, when the emperor was stationed at Mezieres-Charlesville.

The paper says that the bombs fell right on the house in which the emperor's staff had its offices and that as a result the emperor withdrew six miles from the city.

## BANK TO INCREASE STOCK

STOCKHOLM, Sweden. - The Stockholm Bank of Commerce has deided upon the issue of 10,500,000 crowns of new stock, increasing its capital from 30,150,000 to 40,200,000 crowns. This is the largest new issue of bank stock that has ever been made in Sweden. The step is dictated by the directors' conviction that all signs point to a tremendously increased business after the war.
